

WANTED:
AIRPLAY Beta testers.
Visit www.airplayer.net
for more details.

It's a period of gaming unrest. Unreliable infrared controllers have become the bane of the Universe. Time and again they've let you down, gradually driving you INSANE.

But now, deep inside the renegade stronghold, you arm yourself with a new controller - one with rock-solid, hardened RADIO COMM. You lay waste to the decrepit infrared scourge, reducing it to a smoldering heap. It's time to save the Universe and kick some infrared ash.

Ultra Tough and the first RADIO WIRELESS controller for PlayStation® game consoles.

A I R P L A Y™

- ▶ Play from 30' (10m) away...
...link can't be blocked
- ▶ Ultra Tough Case
- ▶ Programmable
- ▶ Coming to stores in August 1999

- ▶ Powered by one AA...reLOAD™ Hot Swap Battery System
- ▶ Also coming soon, support for NUON™ enhanced DVD players and products

A I R P L A Y
THE NEW WIRELESS

www.airplayer.net
